Understanding First Year

Do you know what program you want?

- First year is general and you are not limited to your future choices
- Select first year courses (1000 level) that keep your options open for a variety of modules/programs
- Explore beyond first year and look ahead at the programs/modules in the **Academic Calendar**
- Programs have prerequisites to be eligible in Year 2 (some have more than one course requirement) – you can find this information in the **Academic Calendar**
- Courses have limited space, so it is wise to register early to ensure you can access your preferred courses

What do I need to get a Degree?

CREDITS

- 0.5 courses/credits = half term course
- 1.0 courses/credits = full year course
- Full year = September to April
- First term = September to December
- Second term = January to April

COMPLETE MODULE(S)

A module is a collection of courses specified by a Department, to define an area of study. Modular details can be found in **Academic Calendar**.

Types of modules include Honours Specialization, Specialization, Major, or Minor.

Within the required credits for your degree, you must complete the designated credits/courses for the specific module(s) you are completing.

← You can combine modules! This table shows the approved module combinations for each degree and credit requirement.

DEGREE TYPE	AVAILABLE MODULE COMBINATIONS
Honours Bachelor Degree (4 year) 20.0 total credits, including 5.0-7.0 first year credits	1. Honours Specialization 2. Honours Specialization + Major 3. Honours Specialization + Minor 4. Major + Major
Bachelor Degree (4 year) 20.0 total credits, including 5.0-7.0 first year credits	5. Specialization 6. Specialization + Major 7. Specialization + Minor 8. Major 9. Major + Major 10. Major + Minor 11. Major + Minor + Minor
Bachelor Degree (3 year) 15.0 total credits, including 5.0-7.0 first year credits	12. Major 13. Major + Minor 14. Minor + Minor

HOW MANY COURSES ARE REQUIRED FOR EACH TYPE OF MODULE?

- Honours Specialization (9.0 or more specified courses)
- Specialization (9.0 or more specified courses)
- Major (6.0-7.0 specified courses)
- Minor (4.0-5.0 specified courses)

BMOS Modules	Description	Potential Career Outcomes	Module Options		
			HON Spec.	Spec.	Major
Organizational Studies, Policy & Ethics	Combine a study of the basic business disciplines with study of the broader fields of law, politics, governance and ethics.	<ul style="list-style-type: none"> Human Resources General management Government Entrepreneurship 	✓	✓	
Finance & Administration	Study markets, trade and financial decision-making, with an emphasis on the economic principles driving them.	<ul style="list-style-type: none"> Capital Banking Investment Business Decision-making 	✓	✓	
Accounting <i>*option as a Major</i>	Thinking about a career in Accounting? This program will lay the groundwork for future accountancy studies.	<ul style="list-style-type: none"> Industry or private firm Accounting Consulting Government 	✓	✓	✓
Business Intelligence	Organizations have shifted to evidence-based business decisions, creating a demand for experts who can derive insights from in-depth data analysis to inform these decisions.	<ul style="list-style-type: none"> Logistics Data Security Telecommunications Finances and Banking 	✓	✓	
Marketing & Sustainability	Learn about the business of promoting, advertising and consumption behaviours while lowering harm to the environment and ethically and equitably increasing the quality of life – now and for future generations.	<ul style="list-style-type: none"> Green marketing specialist General marketing Environmental Consultant Public Relations 	✓	✓	
Management & Organizational Studies <i>*only Major offered</i>	Achieve competency in the basic business disciplines and pursue another area of study in the arts or social sciences.	<ul style="list-style-type: none"> Human Resources General management Government Entrepreneurship 			✓

What else do I need to get a Degree?

BREADTH REQUIREMENT

- At least 1.0 credit from each Category (A, B, & C) must be fulfilled to earn a degree.
- At least two categories must be fulfilled (1.0 in each) at the first-year level. Any outstanding breadth requirement not completed in first year must be completed prior to graduation.
 - Category A – Social Science (i.e., Economics, Business, Psychology, Political Science)
 - Category B – Arts and Humanities (i.e., English, Speech, Chinese, Writing, Philosophy)
 - Category C – Math and Science (i.e., Astronomy, Environmental Science, Math)

ESSAY REQUIREMENT

- Essay Course
 - A course that has a significant writing component involving written assignments to demonstrate students' essay writing skills.
 - Essay courses have the suffix F, G or E (explained in next few slides).
- Requirement
 - 2.0 credits in designated essay courses (F, G, or E) must be completed prior to graduation
 - At least 1.0 essay credit must be 2000 level or above, the other 1.0 can be 1000 level

In first year, select at least 1.0 credit from 2 of the 3 categories. Complete at least 1.0 Essay Credits. No more than 2.0 1000 level credits can be from the same subject. Create a diverse timetable.

What do I need to get a Degree?

Progression Requirements

AVERAGE CALCULATIONS

- Cumulative (overall) average
 - Includes all course attempts
 - 55%+ is good standing after Year 1
 - 60%+ is good standing after Year 2+
- Modular average
 - Average on courses required for your module
 - Does not include first year courses required for admission to module
- Term average
 - Average on all course attempts in an academic year (fall/winter)

COURSE FAILS AND REPEATS

- A grade of 50%+ is a pass and credit is earned
- Some modules may require higher grades
- Average calculations *will include* failed marks
- All marks below 50% are considered failures
- Failing marks below 40% will be included in average calculations as 40%
- Marks from 40% to 49% will be included as the actual mark reported
- You can repeat a course to replace the grade, with the most recent grade counting towards your degree
- **You can drop a course without academic penalty before a set deadline in Academic Calendar**

Find all Degree Requirements in Academic Calendar

First Year Requirements	Course Description & Information	Information Academic Dates and Deadlines (aka Sessional Dates)
Breadth Requirements	Course Numbering Policy, Essay Courses, and Hours of Instruction	Glossary of Terms (definitions for common academic words)
Residency Requirements	Advanced Placement (AP Transfer Credits)	Academic Policies
Essay Requirements	International Baccalaureate (IB Transfer Credits)	
Module/Program Requirements (ensure you are reviewing module information for the appropriate campus)		
Degree Requirements		

Choosing your Courses

COURSE CODES

Each course has a subject, course number, class number, and suffix. It is critical that you understand what these suffixes mean when selecting courses.

Refer to “essay course requirement” mentioned for degree requirements.

SUFFIX	WHAT IT MEANS	EXAMPLE
No Suffix	Full year non-essay course	SOCIOLOG 1020
E	Full year essay course	POLISCI 1020E
F	First term essay half course	CGS 1023F
G	Second term essay half course	CGS 1023G
A	First term non-essay half course	PHILOSOP 1350A
B	Second term non-essay half course	ECONOMIC 1022B

Choosing Your Courses

COURSE CODES – COMMON MISTAKE

Courses that share the same subject and number are the same course. If they are offered in different terms, the suffix changes.

Example: Writing 1025F and Writing 1025G are the same course. (F first term; G second term)

- In this example, you should not be taking Writing 1025F and Writing 1025G
- They are the same course as indicated by the subject and course number
- The letter (suffix) just indicates when the course is being offered and if it is an essay designated course

LANGUAGE PLACEMENT TESTS

If you are interested in pursuing studies in French, please email Dr. Beaudoin kbeaudoin3@uwo.ca. Dr. Beaudoin will work with you to determine an appropriate course based on your level of fluency.

COURSE REQUISITES

Prerequisite: A course that must be successfully completed prior to registration for credit in the desired course. The prior knowledge is critical for understanding and success in the course.

Corequisite: A course that must be taken concurrently with (or prior to) the desired course.

Antirequisite: Courses that overlap sufficiently in content, therefore both cannot be taken for credit.

Choosing Your Courses – Residency Requirements

- Huron students must take at least 60% of their courses at Huron during the academic year (at least 3.0 credits if taking 5.0 credits)
- Up to 40% of courses that are not offered at *Huron* may be taken at another campus during the academic year

*Refer to Western Academic Calendar

Choosing Your Courses for BMOS

All Huron students take a general first year. You are not admitted into MOS until after satisfying the admission requirements in Year 1.

If you would like to study MOS, these are the courses you need for each of the primary MOS streams.

Students must refer to the [Academic Calendar](#) for details regarding the number of courses and grades that they need to achieve to be admitted into their preferred MOS module.

		Finance and Administration	Accounting	Business Intelligence	Organizational Studies Policy and Ethics	Marketing and Sustainability
4.0 for Admission	1.0	Business 1220E	Business 1220E	Business 1220E	Business 1220E	Business 1220E

Building a Timetable

Draft My Schedule helps you **PLAN** your timetable.

You still need to **REGISTER** in the courses on Student Centre.

The screenshot displays the 'DRAFT MY SCHEDULE' web application. At the top left is the logo, and at the top right are 'SIGN OUT' and the 'Western' university logo. A purple navigation bar contains links: HOME, DEGREE REQUIREMENTS, COURSE LIST, BUILD DRAFT, ACCESS SAVED DRAFTS, MY SHARED DRAFTS, MY CURRENT SCHEDULE, ENROLLMENT APPOINTMENT, and RATE MY EXPERIENCE. The main content area is titled 'BUILD FUTURE DRAFT' and includes a dropdown for 'Fall Winter 2023'. On the left, there is a globe icon and a 'Save Draft' button. The form fields are: 'Subject' (dropdown: Select a Subject), 'Course Number' (input: 1), 'Course Suffix' (dropdown: Any (any suffix)), 'Campus' (dropdown: Huron), and 'Component' (checkboxes: Lecture, Tutorial, Laboratory). On the right, there are 'Delivery Type' (dropdown: All), 'Day of Class' (checkboxes: Mon, Tue, Wed, Thu, Fri), 'Starting Time' (dropdown: All), and 'Ending Time' (dropdown: All). A checkbox 'Show only courses open for registration.' is present. At the bottom are buttons for 'Search', 'Block Off Times', and 'Reset Draft'.

Building a Timetable

Use the class numbers when registering for courses in Student Center!

Enroll in a Class

To enroll in a class:

- Click the **Academics** tile
- Click the **Course Registration** tile
- Click on **Search and Add**
- Search for the course you want by typing in the **Class Nbr** (found in Draft My Schedule)
- **Select** the class you want and choose the section you want
- Choose **Enroll** and hit **Next**
- Review your choices and select **Submit**

The screenshots illustrate the enrollment process:

- Screenshot 1:** Shows the 'Academics' and 'Course Registration' tiles. A red arrow points from 'Academics' to 'Course Registration'.
- Screenshot 2:** Shows 'Class Search Results' for 'KINESIOL 1060B'. A red circle highlights the search results, and a red arrow points to the right.
- Screenshot 3:** Shows 'Course Information' for 'KINESIOL 1060B'. A table lists class sections. A red circle highlights the 'Open Seats' column, and a red arrow points to the right.
- Screenshot 4:** Shows 'Class Search and Enroll' with 'Step 1 of 2: Enroll or Add to Cart'. A red circle highlights the 'Next' button, and a red arrow points to the right.
- Screenshot 5:** Shows 'Class Search and Enroll' with 'Step 2 of 2: Review and Submit'. A red circle highlights the 'Submit' button, and a red arrow points to the right.

Additional Things to Consider

SCHOLARSHIP

- Each student has their own scholarship offer with the specific conditions stated
- Please review the scholarship letter provided to you, to ensure you understand the conditions that you need to meet each academic year (i.e., course load or academic standing)

IVEY HBA

- If you are hoping to go to Ivey, please speak with Ivey directly for any questions about admissions: hba@ivey.uwo.ca
- Review Ivey's HBA Admissions website
- Enroll in a full course load (5.0 courses) of 1000 level courses
- Meet with your Career Advisor for additional support

Additional Things to Consider

TRANSFER CREDITS

- If you have or are expecting transfer credits and are unsure how this impacts your course selection, please connect with your academic advisor for recommendations.

ACCESSIBLE EDUCATION

- If you have any learning needs requiring accommodations you will need to contact AE, ASAP!

Accessible Education

Accessible Education provides supports and services to students with disabilities at Western, in all programs and faculties.

New to Accessible Education?
Register for the first time.

Returning to Accessible Education?
Activate your accommodations.

Additional Things to Consider

SCHOLASTIC OFFENCES

- Plagiarism
 - Copying/stealing another person's words/ideas without crediting them
 - Instructors check for plagiarism and AI (websites to scan work, ie. Turnitin.com and AI checker)
- Submitting same assignment for multiple classes

Refer to **Library and Learning Services** for research help, writing tutoring, support with proper citations, and more.

PRIVACY AND PROFESSIONALISM

- Email – *only* through UWO email address
- For your privacy, we will not correspond to you with an unverified personal email address
- Confidentiality – student must provide consent for us to tell parents/third party any personal academic information

Advisor Tip!

Use your resources, ask for help, & stay organized!

YOUR REGISTRATION CHECKLIST

REGISTERED IN FIRST YEAR COURSES

First year courses are courses numbered 1000-1999 (i.e., Writing 1021F, Philosophy 1250G). Some courses at the 0000 level (i.e., Math 0110B) will count as a first year course. Check with your Academic Advisor for clarification if registering for a 0-level course. 5.0 first year courses are required to graduate. If you have received transfer credit(s) (from AP, IB or previous postsecondary studies) discuss this with your Academic Advisor. Students may apply a maximum of 7.0 first year courses toward their degree.

REGISTERED IN A FULL AND BALANCED COURSE LOAD

5.0 credits are considered a full course load. It is made up of full-year (1.0 credit) courses and one-term (0.5 credit) courses, with 5 courses in each term (a balanced timetable). Students can take a reduced course load, but there may be implications when taking less than 5.0 credits. Students should refer to any relevant conditions they need to meet, such as scholarship renewal, OSAP criteria, international student status requirements, and Ivey admission requirements.

SATISFIED BREADTH REQUIREMENTS

At least 1.0 credit from each of two of the three categories: Social Science (A), Arts and Humanities (B) Math and Science (C). Before graduation, at least 1.0 credit from each category **must be taken**. Review the subjects for each category here: [Breadth Category](#)

CREATED A DIVERSE TIMETABLE

At least four different subjects with no more than 2.0 courses in any one subject. It is important to explore new fields of interest in your studies and keep more than one option available by taking principal courses for multiple modules, so that you are eligible for admission in second year.

MET RESIDENCY REQUIREMENTS

A minimum of 3.0 of the 5.0 courses (or 60% of course load) must be taken at Huron. Also, if a course is offered at Huron, it must be taken at Huron's campus.

INCLUDED ESSAY CREDIT(S)

At least 1.0 essay course (suffix E/F/G). Learn more here: [Course Numbering, Suffixes, and Glossary](#).

ABIDED BY THE (CO/PRE/ANTI)-REQUISITES

When selecting courses, it is important to make sure you have completed or have registered in the prerequisites before taking the course (if there is one) and are not taking antirequisites (cannot earn credit for both). **Example:** MATH 1225A/B - Prerequisite(s): Ontario Secondary School MCV4U or Mathematics 0110A/B **Example:** MOS 1033A/B - Antirequisite(s): Computer Science 1032A/B

REGISTERED FOR THE PRINCIPAL COURSE(S) NEEDED FOR YOUR PROGRAM OF INTEREST

Your first year is general. You are registering for courses to help you progress into your desired program. To be admitted for second year, you must satisfy the admission criteria, including the principal course(s). **Example:** You must successfully complete Psychology 1100E with a mark of at least 60% to be admitted to the Psychology major. Some programs require more than one pre-requisite principal course.

Example: Economics requires ECON 1021A/B, ECON 1022A/B and 1.0 MATH with a minimum grade of 60% in each.

ESTABLISHED A PATH FOR MULTIPLE MODULES

Select first year courses that keep your options open for a variety of modules/programs. Explore beyond first year and look ahead at the programs/modules in Academic Calendar.

CONSULTED AN ACADEMIC ADVISOR

Join a Registration Session to learn more. If you have any concerns or questions, you can ask during the session or email huronsss@uwo.ca to connect with your Academic Advisor.

HIGH SCHOOL

UNIVERSITY

Interaction w/ Faculty	<ul style="list-style-type: none"> Frequent face-to-face interaction Teachers track your progress and discuss your course standing with you 	<ul style="list-style-type: none"> Communicate through university email and scheduled office hours You must initiate contact and are accountable for your own success
Parent Involvement	<ul style="list-style-type: none"> School updates your parents about your progress and attendance 	<ul style="list-style-type: none"> You are an adult, and the university will not reach out or share any information with your parents without your consent
Teaching Style	<ul style="list-style-type: none"> 110 hours of class per course, with most work done in class 	<ul style="list-style-type: none"> 36 hours of class per course, with work/studying done outside of class
Courses Registration & Schedule	<ul style="list-style-type: none"> Your counsellors create your class schedule Classes run from 9-4pm, with a break for lunch and travel time between Your counsellors ensure that you have all the requirements to graduate 	<ul style="list-style-type: none"> You create your own schedule and choose courses based on your program Courses are staggered and can be as early as 8:30am and as late as 10pm You are expected to know the requirements and take the necessary classes to earn your degree – with help from your Academic Advisor!
Study Habits	<ul style="list-style-type: none"> Study time/material is directly assigned, encouraged and monitored by your teachers, counsellors, and support staff Teacher will give constant reminders of assignments/tests and provide thorough review and extra help 	<ul style="list-style-type: none"> Approx. 2-3 hours of reading/studying outside of class per class hour The course syllabus details required and recommended readings No one monitors that you completed readings – it is for your own learning
Attendance	<ul style="list-style-type: none"> Monitored and enforced 	<ul style="list-style-type: none"> No one will tell you to go to class; it is your responsibility Participation/attendance may or may not be graded
Exams and Deadlines	<ul style="list-style-type: none"> Your teacher could offer extensions and leniencies around scheduling assessments and accepting work 	<ul style="list-style-type: none"> Exam dates and project deadlines are formally set in the course syllabus Consideration for extensions/missed exams can only be granted for documented reasons that abide by the Academic Consideration Policy If you miss an exam/deadline, you must submit a formal request with documentation to your Academic Advisor
Testing	<ul style="list-style-type: none"> Frequent in class quizzes, assignments, and unit tests Teachers can adjust schedules to accommodate students, hold test reviews, and test on small sections of material 	<ul style="list-style-type: none"> Some courses might only have a few assessments, with large value Tests cover large amounts of material Expectation that you study/prepare outside of class
Grades	<ul style="list-style-type: none"> Many opportunities to improve, complete make-up assignments, and achieve high grades 	<ul style="list-style-type: none"> Expectations are higher with no opportunity to redo work Marks will naturally drop from your high school grades – it is expected, so do not be discouraged

Next Steps

1. Activate your Western ID:
www.student.uwo.ca
2. Identify preferred module(s) and required courses.
3. Create your conflict-free timetable:
www.draftmyschedule.uwo.ca
4. Email hurousss@uwo.ca if you have any questions or to request your Academic Advisor to review your course selections
5. Register for your courses in Student Centre: www.student.uwo.ca
6. We are here all summer to help you with your selections and we encourage you to attend as many SOAR sessions as you wish!

Academics

Course Registration

A diagram showing the flow from Academics to Course Registration. It consists of two boxes: 'Academics' on the left and 'Course Registration' on the right. A blue arrow points from the 'Academics' box to the 'Course Registration' box. The 'Academics' box contains an icon of a stack of books with an apple on top. The 'Course Registration' box contains an icon of a calendar with a clock.
