

Brief Course Outline

Course Title: Dynamics of Mentorship in Psychology Research

Course Number and Section:

PSYCHOL

3696G 550

Instructor Name(s): Irene Cheung

Instructor Email(s): icheung5@uwo.ca

Disclaimer: Information in the brief course outline is subject to change. The syllabus posted on OWL is the official and authoritative source of information for the course.

Course Description:

This seminar considers psychological theory and research relevant to successful mentorship in the research process. Students will apply their knowledge about mentorship through engagement with first-year students in a research context.

Learning Outcomes:

- Apply psychological research skills to manage group activities.
- Communicate complex research problems and solutions to different audiences.
- Learn to collaborate in small groups to produce concrete deliverable outcomes.
- Learn to reflect on the process of collaboration and management of group activities.

Textbooks and Course Materials:

Course materials will be posted on Brightspace.
