ECONOMICS

1021A - 550

**Instructor Name(s):** Michael Kottelenberg

**Instructor Email(s):** mkottele@uwo.ca

Disclaimer: Information in the brief course outline is subject to change. The syllabus posted on OWL is the official and authoritative source of information for the course.

**Course Description:**

This half-year course presents a survey of the principles of microeconomics. We focus primarily on the economic behavior of consumers and firms, and on various market structures including competitive markets, monopoly, monopolistic competition and oligopoly. We also examine selected topics in government regulation, factor markets and public policy.

**Learning Outcomes:**

Understand how to think like an economist using core economic principles.
Apply economic thinking to inform decisions of consumers, business managers, and government policy makers.
Apply economic thinking to inform decisions of consumers, business managers, and government policy makers.
Gain a deeper understanding of current economic events and critically interpret research, opinion, and journalism on economic and business matters.
Form a base of skills that allow us to confidently progress to studying advanced topics and specialized areas of economics.
