ACCOUNTING (MOS)

Turn Numbers into Strategy

Build the Foundation for Financial Leadership

Accounting is about making information meaningful; it gives us the tools to understand how organizations build value, manage resources, and plan for the future.

Develop a foundation in financial reporting, management accounting, assurance, and taxation. Huron is an accredited institution with CPA Ontario, giving students a pathway to the globally recognized Chartered Professional Accountant (CPA) designation.

Where Curiosity Leads, Passion Follows

Your first year builds a strong foundation for your degree.

With core courses in Economics, Math, Business, and Computer Science, you'll develop essential skills in analysis, communication, and problem-solving. You'll also have room to explore a wide range of subjects across different disciplines.

Customize your Degree

Combine modules like specializations, majors, and minors to build a path that matches your passions and goals.

Accounting ♦♦♦

Major must be combined with a second non-MOS Major in an honours degree.

Legend: ● Honours Specialization ♦ Specialization ▲ Major ■ Minor

Course Examples

MOS 3362: Introduction to Auditing

MOS 3370: Management Accounting

MOS 4465: Advanced Accounting

The Huron Advantage

With our small class sizes and dedicated faculty, we challenge our students to be **Leaders with Heart** by prioritizing ethical leadership, community engagement, and professional success. Our programs encourage civic responsibility, and compassion, inspiring students to make a positive impact in the world.

Guaranteed Internship Opportunities

At Huron, opportunity isn't just something you wait for, it's something you prepare for and pursue, with support.

Every student is guaranteed a paid internship opportunity and volunteer positions by working with their career coach for 1:1 support to develop a personalized 4-year plan. Whether you're looking for a meaningful internship, community engagement, or a post-graduation launchpad, our Careers & Experiences team is here to help you explore, apply, and succeed.

Where Accounting Can Take You

Graduates of Huron's accounting program are prepared for success in a wide range of careers. Whether students choose to pursue a CPA designation or apply their skills in other professional settings, they graduate with the expertise and confidence to analyze problems and make sound decisions.

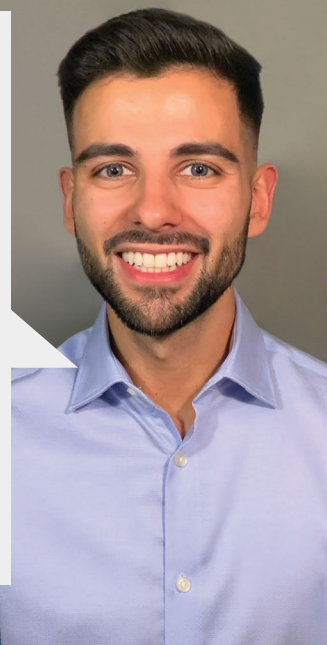

What Do Our Grads Do?

- Financial Analyst
- Public Accounting
- Corporate Finance
- Tax Advisory
- Wealth Management
- Consulting
- Government and Non-Profit
- Graduate and Professional Studies

"Looking back at my university experiences, merely stating I completed a business degree devalues the education provided by Huron and the professors who coached and guided me along the way. A Huron BMOS degree is the start of your career as a young professional; it teaches you that the way you impact those around you is the most important part of developing yourself personally and professionally. The lessons I learned at Huron have, and will continue to, fundamentally shape all aspects of my success."

Beyond the Classroom

- **Hands-on, community-based learning:** Gain real-world experience through industry tours, consulting projects with small businesses, governance support for community agencies, and open discussions with business leaders.
- **Bringing theory to life:** Apply course concepts in meaningful, real-time settings that connect classroom learning to the broader community.

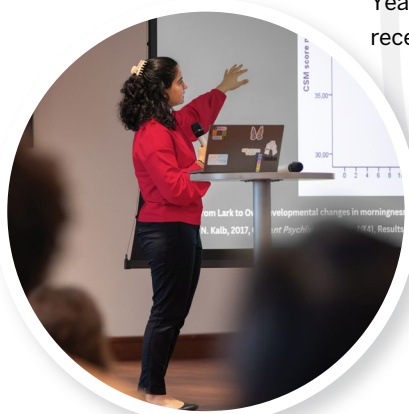

CAREER INTERNSHIPS

Get paid part-time experience during the school year or full-time in summer. These roles align with your interests and help build your resume with real-world value.

ACADEMIC INTERNSHIPS

Earn while you learn. Take 4–16 months off between Year 3 and Year 4 for a full-time, for-credit, paid internship. Many students receive job offers after completion.

RESEARCH INTERNSHIPS

Work with a Huron faculty member for support on a student research fellowship with funding up to \$1,500 or a paid research assistant opportunity.

ENTREPRENEURIAL INTERNSHIPS

Get support to ideate, plan, and launch a new business. You'll get 1:1 coaching, access to funding, and other resources to set you up for success.

Travel Study

Embark on an international adventure and gain hands-on experience, build community, and explore different cultures. Huron University provides experiential learning opportunities abroad, as well as support to students for international exchanges.
