ECONOMICS

Reach Beyond Numbers

The Science of Making Smart Choices

The study of Economics provides insight into how people choose to use resources, how and why they produce and consume goods and services, and how they make decisions that impact the health and well-being of societies and nations.

At Huron, we broaden the discipline of economics to help students understand historical trends, interpret today's headlines, and make predictions for the coming decades.

Where Curiosity Leads, Passion Follows

Your first year is all about exploration and discovery.

With minimal required courses, you have the flexibility to personalize your academic path and discover what truly excites you. Dive into a wide range of subjects, try something completely new, and shape your schedule to reflect your unique interests.

The Huron Advantage

With our small class sizes and dedicated faculty, we challenge our students to be **Leaders with Heart** by prioritizing ethical leadership, community engagement, and professional success. Our programs encourage civic responsibility, and compassion, inspiring students to make a positive impact in the world.

Guaranteed Internship Opportunities

At Huron, opportunity isn't just something you wait for, it's something you prepare for and pursue, with support.

Every student is guaranteed a paid internship opportunity and volunteer positions by working with their career coach for 1:1 support to develop a personalized 4-year plan. Whether you're looking for a meaningful internship, community engagement, or a post-graduation launchpad, our Careers & Experiences team is here to help you explore, apply, and succeed.

"When I am recruiting, one of the things I look for is diversity of thought and perspectives, which is the mark of the Liberal Arts grad. It helps you achieve results beyond those you set forth toward. At Huron, your professors are genuinely interested in your learning, which creates a diverse environment that challenges you and helps you grow as a person. My experiences at Huron were invaluable. They prepared me for a successful career, continually growing as a professional and as a human."

Beyond the Classroom

- Implement the skills you learn in class through hands-on roles as a research assistant where you'll contribute meaningfully through ongoing projects, while building resume experience.
- Participate in the Centre for Undergraduate Research Learning (CURL), where opportunities are provided to explore your unique interests while collaborating closely with faculty on real-world economic challenges.

CAREER INTERNSHIPS

Get paid part-time experience during the school year or full-time in summer. These roles align with your interests and help build your resume with real-world value.

ACADEMIC INTERNSHIPS

Earn while you learn. Take 4–16 months off between Year 3 and Year 4 for a full-time, for-credit, paid internship. Many students receive job offers after completion.

RESEARCH INTERNSHIPS

Work with a Huron faculty member for support on a student research fellowship with funding up to \$1,500 or a paid research assistant opportunity.

ENTREPRENEURIAL INTERNSHIPS

Get support to ideate, plan, and launch a new business. You'll get 1:1 coaching, access to funding, and other resources to set you up for success.

Travel Study

Embark on an international adventure and gain hands-on experience, build community, and explore different cultures. Huron University provides experiential learning opportunities abroad, as well as support to students for international exchanges.
