RELIGION & THEOLOGY

Connect ideas. Explore beliefs. Make an impact.

Explore How Religion Influences Life & Culture

Whether or not you think of yourself as spiritual or religious, studying religion can help you understand the complex world we live in. Religious beliefs and practices have a huge impact on how individuals and groups make social, economic, and political decisions.

Learn more about your own religion and those of others, or simply develop globally-relevant knowledge by studying in an academically rigorous university setting.

Where Curiosity Leads, Passion Follows

Your first year is all about exploration and discovery.

With minimal required courses, you have the flexibility to personalize your academic path and discover what truly excites you. Dive into a wide range of subjects, try something completely new, and shape your schedule to reflect your unique interests.

Customize your Degree

Combine modules like specializations, majors, and minors to build a path that matches your passions and goals.

"My education helped me develop significantly as a public speaker, which has assisted me greatly, both in law school and in my practice. More than that, studying Theology helped me think critically and interpret dense and difficult texts. These skills have been invaluable to me as a lawyer. This program gives you perspective about why you should do the things that are right, just and good in the world. No matter what field you work in, this is going to help you shape it in positive ways."

Beyond the Classroom

Students in the Living Religions of the World course connect with religious communities outside their typical experience to broaden their exposure as they study the origins, historical development, teachings and practices of religions. Students present their research and experiences at a final conference.

CAREER INTERNSHIPS

Get paid part-time experience during the school year or full-time in summer. These roles align with your interests and help build your resume with real-world value.

ACADEMIC INTERNSHIPS

Earn while you learn. Take 4–16 months off between Year 3 and Year 4 for a full-time, for-credit, paid internship. Many students receive job offers after completion.

RESEARCH INTERNSHIPS

Work with a Huron faculty member for support on a student research fellowship with funding up to \$1,500 or a paid research assistant opportunity.

ENTREPRENEURIAL INTERNSHIPS

Get support to ideate, plan, and launch a new business. You'll get 1:1 coaching, access to funding, and other resources to set you up for success.

Travel Study

Embark on an international adventure and gain hands-on experience, build community, and explore different cultures. Huron University provides experiential learning opportunities abroad, as well as support to students for international exchanges.
