

Brief Course Outline

Course Title: Advanced Issues in Canadian Taxation

Course Number and Section

MOS

4462B 550

Instructor Name(s): Robert Pilling, CPA, CA

Instructor Email(s): rpilling@uwo.ca

Disclaimer: Information in the brief course outline is subject to change. The syllabus posted on OWL Brightspace is the official and authoritative source of information for the course.

Course Description:

This course deepens students' understanding of the Income Tax Act (Canada) and its effect on business decisions. Analysis consists of complex taxation issues at the personal and corporate level as well as a variety of complex issues such as rollovers, estate planning and the taxation of trusts and international taxation. Extra Information: 3 lecture hours.

Learning Outcomes: one outcome per entry

Calculate taxable income and taxes payable for corporations, trust and partners involved in partnerships net of relevant tax credits available to each taxable entity.

Calculate the tax consequences of transactions between the corporations and their shareholders and advise clients on how to do these transactions in most tax efficient way.

Use advanced tax planning tools including but not limited to different roll overs to minimize immediate and future tax consequences for the client.

Calculate the tax consequences for non-Canadian residents on Canadian source income and tax consequences for Canadian residents on foreign source income.

Explain the application of GST/HST to business transactions and the obligations of taxpayers with regard to registration, collection and remittance of amounts.
